

ARJUN KUMAR

Hyderabad, Telangana | arjun.kumar@example.com | +91 9876543210 | github.com/arjunkumar

SUMMARY

Computer Science graduate with a strong interest in Machine Learning and Data Science. Experienced in developing Python-based applications and machine learning projects. Familiar with data preprocessing, model development, REST APIs, and web application development.

EDUCATION

B.Tech in Computer Science and Engineering

ABC Institute of Technology, Hyderabad | 2022 - 2026

SKILLS

Programming: Python, Java, SQL

Machine Learning: Machine Learning, Deep Learning, Scikit-learn, TensorFlow

Data Science: Pandas, NumPy, Matplotlib

Web Development: Streamlit, FastAPI, HTML, CSS

Tools: Git, GitHub, Jupyter Notebook, VS Code

PROJECTS

AI Resume Intelligence System

Developed a resume analysis and job matching system using Python and Machine Learning. Implemented resume parsing, skill extraction, ATS scoring, semantic similarity, and job matching.

Technologies: Python, Scikit-learn, Pandas, NumPy, FastAPI, Streamlit, NLP

Smart Traffic Monitoring System

Developed a real-time traffic monitoring system using computer vision. The system detects and counts vehicles from traffic camera footage and estimates traffic density.

Technologies: Python, YOLO, OpenCV, Machine Learning

Student Performance Prediction

Built a machine learning model to predict student performance based on academic and demographic features.

Technologies: Python, Pandas, NumPy, Scikit-learn

EXPERIENCE

Machine Learning Intern — ABC Technologies, Hyderabad

June 2025 - August 2025

- Worked on data preprocessing and exploratory data analysis.
- Built machine learning models using Scikit-learn.
- Prepared datasets for model training and evaluation.
- Worked with Python, Pandas, and NumPy.

CERTIFICATIONS

Machine Learning with Python — Coursera, 2025

Python for Data Science — IBM, 2025

ACHIEVEMENTS

Participated in ZENTRON 2026 Hackathon — Received Merit Certificate

LANGUAGES

English | Telugu | Hindi
